

Daily Chronicle

SATURDAY, AUGUST 16, 1879.

INDICATIONS: For Tennessee and the Ohio Valley, generally cloudy weather and rain with partly cloudy weather.

PENCILLETES.

Chew Jackson's Best Sweet Navy Tobacco. It was quite showery yesterday, regular April showers.

The Knox county jail now contains twenty-three inmates.

The best fresh butter in the city at Shoemaker & Caldwell's.

The Cleveland Banner reports the death, in Bradley county, on the 8th inst., of Mrs. Elizabeth Upton, 102 years old.

Mr. Jas. H. Cruise's new dwelling is on Church street, and not on "Clineh," as the "Intelligent compositor" was pleased to put it.

Bristol Courier: Rev. J. Albert Wallace, of Mossy Creek, has been elected to fill the chair of Mental and Moral Science in King College.

Rev. Jno. F. Spence, of this city, President of the E. T. W. University at Athens, is announced by the Newport Reporter to preach in the Presbyterian Church at Newport Sunday.

One of the colored convicts engaged in the mines at Coal Creek made his escape yesterday morning. In another column Capt. Chumbley offers a reward for his capture, and gives a description of him.

The line of patent Light Sleepers run by the E. T. V. & G. and M. & C. Railroads, are run between Lynchburg, Va., and Vicksburg, Miss., a distance of 881 miles. This is a pretty good run without change of cars.

Mrs. L. A. Summers, late of Nashville, is canvassing London in the interest of the United Order of the Golden Cross, says the Journal, and was to give a full explanation of the workings of the Order at a public meeting last night.

Little Billy was told, "Never ask for anything on the table. Little boys should wait until they are served." The other day little Billy was forgotten in the distribution and was not served at all. What could he do? Presently, after reflecting seriously, he asked, "Mamma, when little boys starve to death do they go to Heaven?"

We understand that at the school taught at Stoney Point, in this county, last Thursday, two boys, Jack Rose and boy named Rollins, got into a difficulty something about a ball, and in the scuffle which ensued Jack bit a piece out of the ear of the other boy. Jack made himself scarce in those parts, and the officials could not get any trace of him at last accounts.

We are pained to learn from the Loudon Journal that our old friend Jo. D. Jones, of Philadelphia, was thrown from his horse Monday morning and it was feared that the injuries received therefrom were of a very serious nature. We hope to hear of his recovery, however. About a week before he was thrown from his horse into Sweetwater Creek, but received no injuries.

A great many of our exchanges this week, as we notice, have copied a special dispatch from Memphis, dated the 12th inst., which states that there were that day, Tuesday, "seventy-two new cases, two colored" reported. This is a false representation. No such record has been made any day since this season's fever set in. On the day mentioned there were "twenty-two" new cases, "ten" of them colored.

Personal.

Mr. H. S. Foote, Jr., of Mississipi, a son of ex-Gov. Foote, arrived in the city Thursday night with his wife and family, five children, stopped over at the Atkin House and went yesterday evening to Montvale Springs.

Mr. H. M. Alkin, manager of the Rogersville Railroad, was down from Rogersville yesterday.

For good and cheap goods in the fancy and family grocery line, you can't do better than call at Shoemaker & Caldwell's, Kern's old stand.

Mr. Jas. F. Chumbley, of Coal Creek, son of Capt. John Chumbley, Superintendent of the Coal Creek branch of the penitentiary, was in the city and made us a call yesterday.

TATE SPRING.

Grand Soiree on the Tapis.

Things are kept pretty lively at Tate Spring. The guests there dance every night, and they are now preparing to have a grand masque ball next Wednesday night. Knoxville and other towns will be well represented on that occasion. We learn from a reliable source that Capt. Tomlinson can now accommodate about one hundred more guests.

HO, FOR MONTVALE.

Only Ten Dollars for a Week at This Popular Resort.

During the remainder of this season, Messrs. Wilson & Anderson, the proprietors of Montvale Springs, have made arrangements whereby they will pay railroad and hack fare from Knoxville and return, and furnish board for one week for TEN DOLLARS. This is a fine opportunity for young men and others who desire a week's recreation, where they may rest and enjoy themselves and have first-class accommodations.

Died, Miss Cynthia Anderson, of consumption, at the residence of her mother, near this city, at 10:30 o'clock, Thursday evening, August 14th, after a lingering illness of one year.

Miss Cynthia was truly a Christian lady in every sense of the word, and so conducted herself through life that none ever knew her but to respect and esteem her as such. She had been for fourteen years a consistent member of the Presbyterian Church at Washington. Thus from childhood she had been brought up in the nursery of the Lord. During her last illness she was perfectly resigned and ready to die. She called her friends to her bedside and exhorted those who were religious to be more diligent in working for Jesus, and in most touching accents entreated the impenitent to come to the Savior. She was perfectly conscious until death, and but two minutes before her last expiring breath, requested those around her to sing "Asleep in Jesus." Her friends have the consolation to "mourn not as those having no hope. For our loss is her eternal gain." The deceased was a sister of our highly esteemed fellow-citizen, W. A. Anderson, late Trustee. The funeral service will take place at the family residence at 2 o'clock, Saturday evening. Interment will be in the old Anderson burying ground, six and a half miles north of Knoxville.

Langour, its Cause and Remedy. The cause of langour, when it is not the immediate or indirect consequence of positive disease, is traceable to a debilitating temperature. Persons living in a warm, moist climate are peculiarly subject to it. Diminished physical vigor and an indisposition to active exertion are its characteristics. Sometimes it is accompanied by undue relaxation of the bowels, and by dyspeptic or bilious symptoms. A reliable remedy is Hostetter's Stomach Bitters, a strengthening and alterative medicine derived from the purest and most efficacious vegetable sources, with a pure spirituous basis, pronounced by eminent physicians a mild and wholesome stimulant. The Bitters, foremost of American tonics, is largely used in the tropics, where the climate is very productive of debility, liver and digestive organs.

Circulating False Rumors.

There are always to be found in a community, especially such times as these, wickedly and maliciously disposed persons, ready to start in circulation some false rumor just for the purpose of keeping up an excitement and stir. They do not consider, if in fact they care, that such unfounded rumors have a ruinous tendency on the business of the entire city. It is unnecessary for us to reiterate that should any case of yellow fever develop among the hundreds of Memphis people in our midst, we, for one, would be very prompt to state the facts as soon as they could be obtained. Yet, notwithstanding all this, in the past few days, rumors have been rife that there were cases of yellow fever at the Atkin House, where a great many Memphis people are stopping, when the fact is there has not been a case of sickness of any kind in the house for two months or more. But we will let the proprietors and a few of the guests of this house speak for themselves, as follows:

KNOXVILLE, TENN., Aug. 14, 1879.

Having heard that there was a malicious report in circulation that there was yellow fever at the Atkin House, we take pleasure in correcting the same, as there has not even been a case of sickness of any description in the house for months past, and we denounce the above report as an unmitigated falsehood, to injure the Atkin House, etc.

Can't Preach Good.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See "Truths" and "Proverbs," other column.

Dr. Schlemmer's Latest Discoveries.

This celebrated antiquarian's labors in the buried cities of the Orient, besides being of great value to science, have produced the incidental though important result of arousing a general and wide-spread interest in this branch of historical work and study. His latest discoveries are noted with almost as much interest as are the fluctuations of the market prices or the latest news from the White House. Yet how immeasurably more important to these readers should be the means of securing and retaining Health. Herodotus and Pompeii are not buried deeper in the lava and filth of centuries than are some systems in the debris of disease. Dr. Pierce's Pleasant Purgative Pellets and Golden Medical Discovery purge and cleanse the system and blood of these impurities, imparting tone and strength. To ascertain further means of restoring the diseased system to its original health, strength, and beauty, read the People's Common Sense Medical Adviser, recommended by the New York Tribune as "the book for the people." Sixth edition revised; over 100,000 copies already sold. Price, \$1.50. Address the author, R. V. Pierce, M. D., Buffalo, New York.
